

2011 ASRM ABSTRACT LIST - NFFR

Advanced Paternal Age Negatively Impacts Reproductive Outcome

Mandy Katz-Jaffe, John Crocker and Jason Parks

The Molecular Signature of Cumulus Cells is Compromised in Infertile Women of Advanced Maternal Age

Susanna McReynolds, Shane Mitchell, Monika Dzieciatkowska, Kirk Hansen, William Schoolcraft and Mandy Katz-Jaffe

Human Blastocysts Exhibit Unique MicroRNA Profiles in Relation to Maternal Age and Chromosome Constitution

Blair McCallie, Jason Parks, Robyn Loper, Holly Buttermore, William Schoolcraft and Mandy Katz-Jaffe

Trophectoderm Gene Expression Profiles: Development of a Predictive Model for IVF Outcome

Jason C. Parks, Blair McCallie, Lauren Vanderlinden, and Mandy Katz-Jaffe

Expression of DNA Repair Genes in Blastocysts Derived from Infertile Women with PCOS

Alyssa Strieby, Blair McCallie and Debra Minjarez

Fatty Acid Oxidation During In Vitro Maturation of Mouse Oocytes is Essential for Subsequent Embryo Development

Melissa Paczkowski, Kevin Strauss, and Rebecca Krisher

Activation of Dormant Follicles Followed by Production of Viable Embryos and Offspring Via In Vitro Maturation and Fertilization

Rebecca Krisher, Melissa Paczkowski, Kevin Strauss and William Schoolcraft
